BACHELOR *of* BUSINESS ADMINISTRATION (BBA)

INTERNATIONAL BUSINESS

WHY INTERNATIONAL BUSINESS?

In today's increasingly interdependent global economy, a Bachelor of Business Administration (BBA) in International Business (IB) prepares students to manage and lead in today's global economy. The International Business program's **practical, flexible and interdisciplinary format** has been developed to give students the essential knowledge to succeed as a global manager, and to develop the leadership and implementation skills required to adapt and thrive in diverse business environments.

The International Business major allows students to gain the knowledge and skills required for International Business careers while developing an understanding of the political, cultural and regulatory environments that shape international business and trade. The program provides a strong foundation in International Business by offering upper level courses in international management, accounting, finance, marketing and operations, complemented by courses in foreign culture and language. Students majoring in IB are also **encouraged to pursue a dual major** in order to gain depth of knowledge in a specific business function.

FACULTY

The faculty of the Monte Ahuja College of Business blend **research-based knowledge and practical industry experience** with a true commitment to mentoring students in their career paths. All of our faculty have advanced degrees in their fields of specialization and are actively involved in the region's business community as consultants, members of professional organizations and community leaders.

INTERNATIONAL BUSINESS EXPERIENCE

The International Business program provides valuable, relevant work experience prior to graduation through **internships and co-ops** with international companies. Through the **Study Abroad Program**, students may participate in internships in many different countries. The program also provides unique opportunities to learn in real project situations through collaborative projects with the international business community in Northeast Ohio.

INTERNATIONAL BUSINESS MAJORS

A minimum grade of "C" or higher is required in all INTERNATIONAL BUSINESS major related courses. If a grade below a "C" is earned the course(s) must be repeated.

- *The Analytical Geometry and Calculus sequence (MTH 181-182) may be substituted for the Mathematics for Business Majors sequence (MTH 148-149).
- **Before choosing electives, students should consult an advisor.
- (W) Counts as a Writing Across the Curriculum course for university graduation requirements (only if taken at CSU). Students must earn a grade of "C" or better in order to receive Writing Across the Curriculum credit.
