Transfer to CSU as a Junior

This two-year Associate of Arts (AA) degree program is for you if you are interested in ultimately pursuing your four-year business degree at Cleveland State University (CSU). This is a great opportunity to earn your AA degree and save money on the first two years of your bachelor's degree.

Students who complete a Cuyahoga Community College (Tri-C) business-focused AA degree transfer to CSU as a junior. At CSU, students can complete a Bachelor of Business Administration degree for the following majors:

- Accounting
- General Business
- Business Economics
- Finance
- Information Systems
- International Business
- Marketing
- Management
- Operations and Supply Chain Management

For more information email businessinfo@tri-c.edu

It is recommended that you discuss your coursework with your Tri-C counselor.

NOTE: (W) Counts as a Writing across the Curriculum course for university graduation requirements (only if taken at CSU). Students must earn a grade of "C" or better in order to receive Writing Across the Curriculum credit. CSU requires a minimum of 120 total credit hours for graduation. At least 30 credits must be completed in-residence at CSU. At least 24 of the in-residence credits must be completed at the upper division level. Students deficient in total credits or in-residence credits must take additional elective credits to meet the minimum requirements. Depending upon other elective choices made, students may not need as many general electives as indicated above, or may need additional electives.
