

Careers at EY

Accounting Majors: We are currently seeking winter interns, summer interns and entry-level staff. You may visit our website at ey.com/us/careers to learn more about our service lines and what you can do here. We look forward to getting to know you!

Eligibility for Internships

2024 Launch Summer Internship: We are currently seeking accounting majors for our 2024 Launch Summer Internship. Sophomores of 4-year programs and Juniors of 5-year programs are encouraged to apply.

2025 Assurance, Tax and Technology Risk - Assurance internships: Accounting majors are needed for our 2025 internships! Assurance and Tax winter and summer internships require CPA readiness upon graduation (150 credit hours). Technology Risk - Assurance offers internships in the summer and does not require CPA eligibility. Final graduation dates should range from December 2025 to Spring 2026.

Application guidance

- 1 Browse our opportunities on our job board: <https://studentjobs.ey.com>
- 2 Use the search feature to find your ideal role. Read the job description to learn more!
- 3 When considering your location preference - take note of the available locations listed at the top of each job description. Intern candidates should select the location they hope to start their full-time career.
- 4 Once you have found the perfect role, click "apply"

Application timing: Beginning January 9, 2024, you may apply directly to a position with EY. We will review applicants on a rolling basis. We recommend applying as soon as you identify your preferred role. Please apply to no more than two positions within a six-month period.

Questions? Contact your EY school recruiter, MaryBeth Allen, at marybeth.allen@ey.com.

For the 25th consecutive year, Ernst & Young LLP appears on Fortune magazine's 100 Best Companies to Work For® list. Additional awards include DiversityInc's Top 50 Hall of Fame (2023) and Best Places to Work for LGBTQ+ Equality (2023). Please visit our website to learn more.
